

Central Visitation Unit Decline Notification

All visitors must be pre-approved by the Central Visitation Unit and schedule their visit through the Visitation Scheduler before they will be allowed to visit with an inmate at any DOC institution.

Our records indicate that you are either not approved to visit at this time or you are not scheduled through the Visitation Scheduler to visit today.

If you have any questions or concerns regarding this notification or your current visiting status you must contact the Central Visitation Unit for assistance. A staff member of the Central Visitation Unit is available to assist you during normal business hours and during the hours of facility visitation. You may contact the Central Visitation Unit directly by phone at (804) 887-8341 or email to VisitationInquiries@vadoc.virginia.gov

You can find additional information on visiting an inmate in an institution on the VADOC public web site at <https://vadoc.virginia.gov/>. To visit, you must submit your application online at <https://visitationform.vadoc.virginia.gov/>. Once your application is approved, you must schedule a visit using the GTL Visitation Scheduler at <https://vadoc.gtlvisitme.com/app>.

We apologize for any inconvenience.
